

JOHN GIBSON

John Gibson is the Chief Commercial Officer at Faculty, Europe's leading applied AI company. Prior to joining Faculty 7 years ago, John spent over a decade working in government, most recently in the Prime Minister's Policy Unit where he led work to support the growth of the UK tech sector. He also held roles as Director of Government Innovation at Nesta and as a Director at Fingleton Associates, where he designed the Open API Standard for Banking. He sits on the Board of Innovate UK.
